

The Road to Heaven

(8 measures of music)

Washed away my troubles
Washed away my pain
By the grace of Jesus Christ

Washed away my sorrow
Washed away my shame
By the grace of Jesus Christ

How He loves me - He proved He does - Jesus died for me
How He loves me - He lives again - Now I live set free

Everyone is welcome
Anyone can come
We're on the road to heaven now

We are all forgiven
We've been born again
We're on the road to heaven now

How He loves me - He proved He does - Jesus died for me
How He loves me - He lives again - Now I live set free

See how His life shines - in the hearts of those redeemed!
See how His life shines - in the hearts of those redeemed!

(dance 4 measures)

I can tell my sister by the sparkle in her eye
We're on the road to heaven still
I can tell my brother by the spirit in his eye
We're on the road to heaven still

How He loves me - He proved He does - Jesus died for me
How He loves me - He lives again - Now I live set free

See how His life shines - in the hearts of those redeemed!
See how His life shines - in the hearts of those redeemed!
Can you see how His life shines - in the hearts of those redeemed?
I can see how His life shines - in the hearts of those redeemed!

How He loves me - He proved He does - Jesus died for me
How He loves me - He lives again - Now I live set free
(mix it up some)
How He loves me - He proved He does - Jesus died for me
How He loves me - He lives again - Now I live set free

(dance to the end)
