

God The Man The Great I AM

God the Man
 God the Son
 Everyone will learn what He has done

Some deny
 Some will scorn
 Those who believe will be reborn

He died - but He came back to life

God of Love
 God of Might
 One of a kind; He's always right!

Some ignore
 Some follow
 No matter what, they all will know

He is - the Force behind this life

He brought forth the light
He rolled out the sea
He gives me each breath
He set my heart free!

Since He's God
 You can depend
 He knows the beginning from the end

Every day
 in His hand
 It will be as He has planned

No fear - because He's in control!

(instrumental interlude)

There can only
 be one God
 All other claims are just a fraud

Be deceived
 at your own risk
 I'm not falling for their tricks

He gives --- a chance to decide

He brought forth the light
He rolled out the sea
He gives me each breath
He set my heart free!

God the Man
 God the Son
 He is the key to true freedom

Some deny
 Some will scorn
 Those who believe will be reborn

He can save and restore

God of Love
 God of Might
 One of a kind, He's always right

Some ignore
 Some follow
 No matter what, they all will know

He is the Great I AM
